Permits Are Needed

Hot Weather Brings Rash of Fires —And Warning to District Residents

The weekend's hot weather brought with it a rash of grass fires and these in turn brought, this week, a warning from Menlo Park Fire District officials that persons lighting outdoor fires must have the necessary permits.

Not less than six grass fires were reported in the fire district on June 4 and 5, according to Deputy Chief and Fire Marshal Edwin Wickstrom. Four were caused by unpermitted burning which got out of hand; one of the others was apparently caused by sparks from a locomotive.

The grass fire menace will grow more severe as continuing hot weather dehydrates the grass to tinder dryness, Wickstrom commented, as he urged residents who wish to clear weedy areas to get permits.

With the ducats, which are free and which may be obtained at any fire station of the district, goes some good advice which can prevent fires from getting out of control.

On June 4 the firemen had their busiest day, answering calls to grass fires at Fifth avenue and the Dumbarton railroad cut-off, apparently caused by a locomotive; they also journeyed to Cooley avenue and Bayshore highway, East Palo Alto, to punt out a fire there; also, another at 440 Oakdale avenue, East Palo Alto; to Marsh road and the railroad tracks, to extinguish another one caused when unpermitted burning got out of hand and to Coleman avenue and Willow road, where a cigaret butt cast by a careless smoker is guessed to have started a blaze.

On June 5, they answered a call to the rear of 325 Claremont place, where unpermitted burning was again responsible.

Actually, many of the fires were started in the afternoon—a poor practice, says Chief Wickstrom, since humidity usually falls and wind, if any, comes up.

Fire district policy limits burning to the morning hours and prohibits outdoor burning on Monday, since that's wash day.

Outdoor burning permits are available at all six stations of the district Headquarters, 300 Middlefield road; station 2, 2084 Manhattan avenue, East Palo Alto; station 3, 32 Almendral avenue, Atherton; station 4, 3322 Alameda de las Pulgas; station 5, 4101 Fair Oaks avenue and station 6, Oak Grove avenue and Hoover street.

School Unification To Be Explained

Representatives of the city, the county school department, the San Mateo county Taxpayers association and the district attorney's office will explain the various views of unification Monday night, in a panel discussion of "school district organization."

The meeting will be held at the Menlo Park city council chambers, beginning at 8 p.m. Representatives of the Menlo Park Elementary school district will not be present, since the school district's board of trustees has its regular monthly meeting on the same evening, at Central school.

Dr. Keith Goldhammer of the Stanford school of education will act as moderator for the gathering. Members of his panel will include Charles P. Burgess, mayor of Menlo Park and president of the League of California Cities; Dr. Clyde Curry, assistant superintendent of schools for the county and Pat Merrick, executive secretary of the taxpayers' association.

The panel members will discuss some of the knottier phases of the problems of reorganizing the schools of southern San Mateo county.

Hint Pay Boost For City Workers

A 5 per cent general increase in the pay of Menlo Park city employees is contemplated in a proposed wage scale submitted to the city council for study in its informal meeting Tuesday night by City Manager C. L. Longson.

The scale, proposed to take effect with the beginning of the new fiscal year, July 1, also includes upward adjustments in the pay of four employees to bring their salaries more in line with those paid similar persons in comparable cities.

Middle Avenue Traffic Signals Expected Soon

Traffic signals should be in operation at the intersection of Middle avenue and El Camino Real before the end of summer, it was revealed this week.

City Manager C. L. Longson Tuesday night informed the city council that the state division of highways has approved plans for the signals, including pedestrian "Walk-Wait" lights, and has estimated the cost at $12,000. Of this sum the city will be asked to pay $4,000.

Longson said the state also plans to install the "Walk-Wait" lights at the four other El Camino intersections already signalized: Ravenswood, Santa Cruz, Oak Grove and Glenwood avenues. Total cost of these installations has been set at $4,800, of which the city is asked to pay $2,200.

Approval of the rpoposals by the council will allow the state to go ahead with a call for bids as soon as final plans and specifications are completed, Longson said.

Library Site 'Priority Item'

City Planners Urge Hiring of Architect To Oversee Civic Center Development

Menlo Park planning commission Monday night recommended the hiring of an architect to oversee the over-all development of Menlo Park's civic center, but designated the establishment of a library site as a "priority item" to be considered first.

The recommendations came in the form of a report to the city council, and was formulated only after the planners had had three special study meetings and taken cognizance of other reports, such as the recent Chamber of Commerce survey to determine what items would be considered most useful by the public.

The planners reported:

"1. We believe sufficient need and interest in the overall planning of our civic center area warrants the City Council's hiring technical and professional personnel to do the job.

"2. We believe that an architectural firm should be retained to do the necessary project, inasmuch as competent architects would serve as the coordinator of the total job. He (the architect) should be expected to provide architects, civil engineers and other professional consultants as needed in various phases of the study.

"3. We would recommend that one firm or person be used for the total project in order to provide a unified approach to the whole problem, which we believe includes land use, site designation, style of architecture, possible means of financing, etc.

"We feel that a competent architect could program such a project with special attention to prinority items, such as a library site and building.

"4. At this point, we realize that specific information in re the requirements of a community center building, a City Hall, etc. are unknown and that such a firm would have to make detailed inquiry into the problem.

"5. Even if completion of the total project is far in the future, we recommend that plans be made, with visual aids showing the projected plans. We realize that a Civic Center Master Plan should be just as dynamic and capable of changing with the times as an overall city's master plan, but we feel the community will respond to seeing a long range projected in understandable fashion. With plans on the boards, perhaps means of financing will be less of an obstacle in winning community support."

Sgt. Pogge Quits Menlo Police Post

Resignation of Sergeant William Pogge, a member of the Menlo Park police force for the past seven years, has been accepted with great regret, it was announced this week by Police Chief George Potter.

Pogge, who has come up through the ranks since first joining the force, is leaving to take a more lucrative position at a Palo Alto garage. His resignation became effective as of June 6.

Chief Potter said that Officer Edgar Pabalis would be named acting sergeant to temporarily replace Pogge, who has been working a "relief shift" with the department. Most recently, he has been assigned to the "graveyard" hours from 12 midnight to 8 a.m.

Pogge resides at 1025 Menlo Oaks drive with his wife and two daughters. During his career with the Menlo Park department, he has completed a law enforcement officers' training school at Pleasanton, and has at times been in charge of several shifts as well as the department's office.

Poundmaster 'Boning Up'

Menlo Park's new poundmaster, Lucien H. Lacroix, is in San Francisco this week taking a specialized training course in Poundmastering, Police Chief George Potter announced yesterday.

Lacroix, who was appointed to the post June 1, has had no previous experience as a poundmaster, according to Chief Potter. However, he was a dog trainer while serving with the army.

The course which he is taking, which will continue through Thursday, is being presented by the Northern California regional Society for the Prevention of Cruelty to Animals.

The new poundmaster assumed his new duties on June 1.

City Tackles Controversial Highway Plans

Controversy over Menlo Park's master plan is not yet dead, and the city council Tuesday night began planning for public hearings on the last phase of the much battered proposal, originally outlined in 1952.

Still to receive final council action is the streets and highways portion of the plan, and councilmen this week turned attention to recommendations forwarded to them last September by the city planning commission.

Controversial among the proposals is the recommended extension of Willow road from its present deadend in Linfield Oaks through to El Camino opposite Cambridge avenue, via an underpass at the Southern Pacific tracks. This is expected to be the primary source of disagreement when public hearings are held, probably late in July.

ALTERNATES

Involved with the question is the likelihood that the state Senate will kill a bill, recently passed by the Assembly, that would have created a state link between Willow and Sandhill roads. Engineering difficulties inherent in another plan, to create an underpass at Ravenswood avenue and bring it to El Camino opposite Menlo avenue, is another factor in the problem.

Interested groups in the city already have taken positions with regard to these two proposals as being more desirable than the underpass opposite Cambridge.

City Engineer Edwin H. Smith this week was instructed to prepare detailed studies and estimates for the Ravenswood and Cambridge projects, and for another proposal to create an underpass from Alma street to El Camino opposite Middle avenue. These engineering studies are to be ready in time for the public hearings.

VILLAGE LAYOUT

Not included in the planning commission recommendations, but scheduled for study before the council hearings, is proposed layout of streets in the Stanford Village area.

The council heard from Longson this week that one plan is to extend Ringwood avenue into the Village area, running along the southerly side of the 35-acre site proposed as permanent home of Stanford Research Institute. This would connect with Alma street approximately where the present roadway runs between Burgess Little theater and offices of the Menlo Park Sanitary district.

Less controversial sections of the master plan proposals include the following:

1. Willow road right-of-way to be 66 feet from the eastern city limits to Bayshore highway, 60 feet from Bayshore to Gilbert street, 84 fet from Gilbert to Blackburn avenue, 92 feet from Blackburn to the proposed cut-off for the link with Sandhill road, and 80 feet from there to El Camino.

2. Middlefield road right-of-way to be widened to 100 feet for its entire length within the city. It is now 80 feet wide adjoining the Linfield Oaks area and 66 feet for the balance of its length.

3. Ravenswood avenue to be widened from its present 66-foot right-of-way to 80 feet.

4. Santa Cruz avenue right-of-way to be widened 10 feet between University drive and Orange avenue to allow for future installations of sidewalks.

5. Alma street to be set up with a 100-foot right-of-way from Oak Grove avenue to San Francisquito creek, with provision for a bridge to connect with Alma street in Palo Alto.

New Sequoia District Superintendent Named

LEAVING

JACK P. PEAK

Oakland Educator to Take Post Vacated by Resignation of Ogden

Dr. Rex Turner, assistant superintendent in charge of secondary education for the Oakland school system for the past nine years and director of the junior college in that city for the last year, has been named superintendent of the Sequoia Union High School District.

A past president of the California Teachers' association, he is also chairman of the legislative committee of the National Education association, and a representative of the NEA to the UN conference in San Francisco next week.

Board members said yesterday that they feel "most fortunate in having such a highly respected educator."

They said they were pleased with each of the 37 candidates who applied for the vacancy being caused by retirement of Dr. Clyde Ogden from the post. Dr. Turner, however, was a unanimous choice.

WIDELY KNOWN

Turner's work in his present district is known in educational circles throughout the nation, they added.

"He is a man who has proven his interest in children, and his ability to get along with people," the statement continued.

Dr. Turner is being hired at $15,000 for the first year of his tenure; he has been offered a four-year contract. In addition to his salary, he will be granted an allowance for travel in the district.

The new superintendent will be introduced to members of the press, the chairman of the district citizens' council, as well as PTA presidents, school principals and other officers next week.

Decision as to the post which Dr. Ogden will assume, on his retirement from superintendency Aug. 1, has not been decided, a spokesman for the board said.

Dr. Turner resides in Oakland with his wife; his family also includes two married daughters. He received his doctorate in education from the University of California.

Library Board Chairman to Move to Pakistan

Jack P. Peak, chairman of the Menlo Park Board of Library Trustees has resigned his post, effective immediately, it was revealed this week.

In a letter to Mayor Charles P. Burgess, Peak explained that he is being sent to Pakistan for a three-year assignment.

Now in charge of government relations at the San Francisco office of Pan American Airways, Peak will become general traffic and sales manager in an advisory capacity to Pakistan International Airlines under a technical assistance program worked out by Pan American with the governments of Pakistan and the United States.

Peak, who resides at 100 University drive, told the Recorder yesterday he expects to leave for his new post about the middle of July after conferences in New York. His family probably will follow him about a month later.

Peak has been chairman of the city library board since its formation about two years ago. Prior to that he was chairman of then-Mayor Michael L. Belangie's special library committee.

Annual C of C Dinner Dance Slated June 22

Annual social get-together of the Chamber of Commerce of Menlo Park—this time, to take the form of a dinner dance—is to be held at Rickey's June 22, it was announced this week by President George Cleese Jr.

The affair, which will feature "fun and no business" will commence with a no-host cocktail party at 6:30 p.m. Dinner will commence at 7:30 p.m. and dancing at the same hour.

Details of the program are currently being worked out.

To start arrangements, Cleese said, invitations and tickets will be mailed late this week, inviting members to attend.

Annual reports, such as would ordinarily become the substance of speeches given at the more formal types of dinners, will be distributed in the form of mimeographed statements.

Chamber Elects Three New Board Members

Three new members of the board of directors of the Chamber of Commerce of Menlo Park for the fiscal year beginning July 1 were announced late yesterday after counting of mail ballots was completed.

The three chosen from a field of six candidates, previously picked in a primary ballot from among all members of the chamber, are Myron D. Alexander, Albert Giannotti, and Elmo Hayden.

The three will succeed to the board posts previously held by three retiring directors, in eligible to succeed themselves: George F. Cleese Jr., president; Dale Frane, and L. L. Johnston.

Holdover directors on the nine-member board are Mark Cotton, Mrs. Alice Rowand, Robert Starkweather, Frederick B. Walker, Landis Weaver, and Ed Zwierlein.

The new board is expected to meet tomorow to elect new officers for the coming year, it was announced by Chamber Manager Frederick Sammis.

Village School Gets Limited Nod from City

Menlo Park city planners this week gave a nod of approval to the Menlo Park Elementary School District's proposal to use two buildings in Stanford Village for temporary classrooms.

But at the same time, they indicated by conditions imposed that they don't mean this indicates approval of a permanent school in the high-value "commercial administrative" zone which the city hopes the Village will develop into.

The situation was further muddied when it was reported that the school district has once again gone back to bargaining for use of buildings 413 and 415 in the Village, at the corner of A and Laurel streets. The school district had at one time considered these, and later switched to negotiating for buildings in the district's "300" Row.

Planners had last month deferred approval of the school district's request for a use permit, since they felt closing of A street opposite the temporary classrooms should be considered in all its ramifications.

The school district, however, reported that Fourth street and Third streets—interior arteries in the Village—will be opened so that the closed section of A street betweetn Laurel and Fourth will not materially effect the flow of traffic in the area.

In granting a use permit for operation of the temporary classrooms, the planners made it effective until July 1, 1956.

City attorney James T. O'Keefe, Jr., pointed out that the city's zoning ordinance "specifically does not mention" schools as an allowable use in a professional administrative zone.

June 18-24 Program

3 Menlo-Atherton Students Named To Attend Boys' State in Sacramento

Three Menlo-Atherton high school students, all of whom will be seniors when school opens next year, have been named delegates to Boys' State in Sacramento June 18-24.

Names of the delegates were announced this week by representatives of the sponsoring American Legion posts: 472 of East Palo Alto; 443 of Menlo Park and Adobe post 828, of North Fair Oaks.

Representing post 472 will be Jim Reinhart; Dan Papson will represent post 828 and Charles Lepley, post 443.

The trio will leave on June 18 for the all-expense event, during participation in which they will organize, with other delegates from throughout the state, in such a manner as to learn the intricacies of legislation on state, county and local levels.

They will participate in legislative sessions and elect delegates to various legislative positions.

Next Saturday, the "San Mateo county delegation" will be treated to lunch at Bob's on Broadway in Burlingame.

Boys' State delegates are chosen to represent Legion units on the basis of scholarship and leadership

Plans for New Menlo Park Store, Office Buildings Are Announced

Plans for a new store building and two new office buildings, all in areas where they indicate a continued expansion of Menlo Park's business and professional community, were revealed this week before the Menlo Park planning commission.

Ther store, planned to be a 45-by-117-foot structure, will face Oak Grove avenue across from the Menlo Park fire district's station number 6. Approval of building plans, for their architectural features, was granted by the commission. The building is the first major store to be built facing Oak Grove avenue; it will be a sporting goods store.

The office buildings for which plans are being made, include one to be built facing the west side of University drive, next to the Forsythe clinic. It will have 10 offices on two floors; five will be medical or dental units and the others designed for use by such functionaries at attorneys and CPA's.

Phil N. Allen of 1025 Cambridge avenue is applicant for permission to construct the building, plans for which were tabled pending study by the commission of whether cooperative parking with the Menlo Park Presbyterian church could be allowed and if Allen can be allowed fewer parking spaces because of participation in the assessment district which resulted in parking plaza 2.

MORE SPACES

Second office building will also have 10 units, all on a single floor. It is to be constructed at 1432 El Camino Real; Mr. and Mrs. Frank Taka are the owners.

The new sporting goods store is to be constructed of concrete blocks and is to have entrances on both the plaza and Oak Grove avenue, according to the plans shown. A date for start of construction was not announced.

Allen's building, according to present plans, is to have a total of 6250 square feet of floor space of which 5250 is to be rentable. Space for a total of 21 parking spaces is left on the ground.

According to Allen the medical offices are planned to be on the ground floor of the building and the others upstairs.

The building planned by Mr. and Mrs. Taka will have approximately 2625 square feet of space; planners said they hoped the owners could work out a plan whereby the applicants would have use of a right of way to San Antonio street which is being constructed in conjunction with another office building, now under construction at 1434 El Camino Real.

OTHER ACTIONS

In another action, the planners granted approval to plans for Tidewater Associated oil company station, to be constructed at the northwest corner of Willow road and Ivy drive. The building will be of the standard design used by the oil company, but signs will be reduced in size to conform to the city's ordinances.

The planners also gave their stamp of approval to plans for a temporary real estate office to be built at Alpine avenue and Bayshore highway by the Magic Realty company of Menlo Park.

Double Parked Auto Figures in Crash

A double-parked car, struck in the rear by a moving vehicle, crashed into the car parked beside it as the result of the impact here Saturday afternoon, police report. Wesley Green, 23, of 1163 Westminster, East Palo Alto, was operator of the double-parked vehicle, which was situated in front of 1189 Willow road in the westbound lanes. Dallas Smith, 1040 Berkeley avenue, Menlo Park, 35, was operator of the vehicle which struck it. Green's car rolled into a car owned by Charles A. Pfeffer, 23, of San Jose, which was parked at the curb.

Among Other Things:

Planners Turn Down Proposal to Enlarge Apartment Zone into New Duplex Area

A proposal which would have extended the city's apartment house zone east of Laurel street, between Oak Grove and Ravenswood avenues, was turned down by the Menlo Park planning commission Monday night as that group agreed with residents that the present four-family limit, per lot, should be retained in that area.

The action was taken after hearing on the request of S. G. Moore, 1600 University avenue, East Palo Alto, asking rezoning of five lots at Laurel avenue and Oak Grove.

Moore was not present in the audience. But several area residents including E. H. Hart and Mrs. Alvina Wipfler protested against the proposed enlargement of the less limited apartment zoning, basing their protests on the possible effects of "spot zoning" and the increasing traffic congestion in the area.

Other apartment matters, too, were heard. The commission once again turned down the request of Andrew A. Fors, who had asked permission last month to subdivide two apartments, above a store at 724-728 Willow road, into four smaller, more rentable apartments.

Fors was represented by Attorney Jack Jorgenson.

TELLS REASONS

Fors had asked a variance for the reconstruction on the basis that it was not "an extension of a non-conforming use" but would, rather ,alleviate a hardship resulting from the fact that the present two apartments are too large to be readily rentable.

The planners also okayed a lot line readjustment, for Youritan Construction company, at an apartment-building project at Roble avenue opposite Blake street.

A resubdivision of lots in the 800 block of Remont street, asked by Richard A. Knutzen, was also okayed.

A request by D. J. Kazakes asking lot line adjustments for a series of parcels facing Kent place in Linfield Oaks was continued, at the request of the applicant.

MINOR CRASH OCCURS IN WEST MENLO PARK

Autos driven by Lillian Hensill, 26, of 207 Leland avenue and Paula Fern, 21, of 2552 North Vermont avenue, Los Angeles, were involved in a minor accident at Stanford avenue and Vine street last Friday, police report. Neither driver was injured and both cars were driven from the scene, they add.

Anyhow, We're:

CONSISTENT

No one can say the Menlo Park city council doesn't finish what it starts.

Several weeks ago, the councilt passed a resolution to apply to the federal government fof free title to a parcel of land about three-quarters of an acre in extent as a city library site.

Last week, maps completed by City Manager C. L. Longson indicated the parcel applied for actually would consist of 1.44 acres.

This week, in a special meeting called for the purpose, the city fathers repealed their former resolution and adopted a new one to apply for the larger parcel.

Only thing wrong was that, in the meantime, the government has announced it is selling the parcel, as part of the Stanford Village area to Stanford. But, at least, no one can say the Menlo Park city council doesn't finish what it starts.

Oak Knoll Pupils Ask Improvements

Pupils in Miss Sue Finch's third grade clas at Oak Knoll school have been studying the operation of their city, and this week had some words of advice for the city council.

In a 12-point program—forwarded to the city fathers by classmate Steve Ford, whose father is Councilman George S. Ford—the youngsters recommended the following city improvements:

1. More stop signs at intersections.
2. Fewer "Litter Bugs."
3. More churches.
4. More parking areas for shoppers.
5. More bike racks on Santa Cruz.
6. A park at Oak Knoll with a pool and tables.
7. More sidewalks and places to ride bikes.
8. More street lights.
9. Motels or hotels for visitors.
10. More space for "Little League" baseball.
11. A larger library.
12. More careful drivers in our town.

Man Brings Fire To District Station

Menlo Park Fire District firemen at the district's station 6, Oak Grove avenue and Hoover street, didn't have to leave the station to aid a Redwood City resident who was plagued with a fire Saturday evening.

The man, C. Z. Brown, smelled smoke in his auto while driving on El Camino Real. He drove to the station where firemen diagnosed the smell as that due to a short circuit in his electric wiring; they taped the errant wire before serious damage could result.

LAS LOMITAS TELL PLAN FOR LIBRARIES IN DISTRICT

Las Lomitas School District trustees last week moved to organize a full-fledged library for the district, earmarking $4200 to cover salary of a librarian during the next fiscal year and setting $3500 as the amount needed for books and other supplies. The action was taken on the recommendation of the school district citizens' committee.

Cubs of Pack 62 Hold Outing At Memorial Park

Members of Cub Scout Pack 62, with their parents and leaders, journeyed to Portola State park June 4.

Games, lunch and pack meeting were climaxed by a nature trail hike with Naturalist Les Sleeper and son in charge.

The Cubs receiving their awards included:

Wolf badge: Jim Thompson, Anthony Perry and Richard Preston. Bear badge: Daryl Koch. Gold arrows: Richard Preston, Paul Rooks and Robert Fischer.

North Fair Oaks Cub Scout Pack 62 sold a total of 427 tickets for the Scout-O-Rama. The outstanding Cub Scout was Robert Holden who received a cup award. The runner-up and a close second was Robert Fischer. Earl Holden was the chairman for the Scout-O-Rama tickets.

The Cub pack also received an honor this month by winning a first place medal at the Scout-O-Rama for their booth. The awards were judged on courtesy and appearance, materials made by the boys and the activity of the boys in the booth.

Next steering committee meeting will be at the home of Mr. and Mrs. Arnold, 775 18th avenue, Menlo Park, on June 6.

Dr. Henderson Is Pediatrics Fellow

EVANSTON, Ill. (special)—The American Academy of Pediatrics this week announced election of Dr. Arvin T. Henderson, 1111 University drive, Menlo Park, to academy fellowship.

Doctor Henderson, after completing internship, has five years of specializing in the care of infants and children. He has passed comprehensive examinations given by the American Board of Pediatrics, after which he was elected a Fellow of the academy upon application and approval by the executive board.

City Moves for:

CONDEMNATION

The city of Menlo Park this week was preparing to proceed rapidly in filing condemnation suits against property-owners who have not accepted the city's offer for parcels to be acquired in the new downtown parking plaza project.

City Attorney James T. O'Keefe Jr. revealed Tuesday night that he is preparing necessary documents and resolutions for official action at next Tuesday's regular meeting of the city council.

City Seeks Lease Of New Parking

With city council approval Tuesday night of a proposal to create some 70 more parking spaces for commuters, City Manager C. L. Longson this week was seeking to arrange a lease in behalf of the city for property owned by the Southern Pacific in the area of the present depot.

Parking areas now utilized without a lease arrangement and without proper paving and police control now provide some 175 spaces, Langson said. Under the lease arrangement, and with proper surfacing and marking, the present plan would create additional spaces in areas already used, would allow two rows of cars to be parked between Alma street and the railroad southerly of Ravenswood avenue, and would provide 12 spaces down the center of Merrill street to the north of the depot.

Efforts to have the Southern Pacific remove the old freight shed near Ravenswood to allow additional parking so far have been inconclusive, according to Councilman Vaile S. Andrus, who has been discussing the possibility with railroad officials.

Insurance Men To Attend Dinner

Eight Menlo Park life insurance underwriters—members of the Peninsula Life Underwriters Association—and their wives will attend a luncheon meeting Saturday at the Chukker Restaurant in San Mateo.

Dr. Lester O. Schriver, nationally known lecturer and managing director of the National Association of Life Underwriters, will address the group.

Local underwriters who are members of the Association are William Ernst, Marty Grant, Wally Ott, Charles Shirk, Emerson Smith, Arthur Trumbull, R. D. Willard and A. P. Hinks.

Dr. Schriver will also officiate at the induction of new officers of the Peninsula Life Underwriters Association.

Student Housing Continuation Expected in SV

Expected to come before the city council at its regular meeting next Tuesday is a resolution to allow Stanford university to continue operation of the temporary buildings in Stanford Village for student housing. The resolution also will set a time limit which the buildings must either be torn down or remodelled to meet city specifications.

The city's action is necessary before the government can transfer title to the property to Stanford under the terms announced last week. Under the federal Housing Act of 1950, approval of the local governing agency is required before the U. S. can dispose of public owned housing projects for a continuation of the use.

According to Dwight Adams of the university business office, informal discussions have been held with the city on the matter and it hoped the resolution can be adopted prior to the June 16 meeting of the university board of trustees, at which time the government's proposal for transfer of title will come up for approval.

Police Radio Unit To Be Set Up Soon

Menlo Park's police department will put its own central radio communications center into operation soon after the beginning of the new fiscal year July 1, City Manager C. L. Longson told the city council Tuesday night.

Now served through the sheriff's office, which relays calls to the city's police prowl cars, Menlo Park has been planning its own radio set-up for months, in order to provide more efficient service.

Longson told councilmen this week that the town of Atherton has agreed to join the project and will share operating expenses on the basis of the ratio of its mobile units to those of Menlo Park's, approximately 4 to 10.

Menlo Park will buy the equipment and bids for it will be called for soon, he added. All calls will continue to be monitored along with those of the sheriff's office, the fire district and the Palo Alto police department.

Seven from City Area Confirmed in RC

Seven Menlo Park area young people were confirmed May 27 at Temple Beth Jacob in Redwood City in services conducted by Rabbis r. Harris H. Hirschberg and Alfred Barnston. The seven were among a group of 20 students of the religious school who were confirmed.

Menlo Park residents confirmed included: Ruth Frank, daughter of Mr. and Mrs. Morton Frank; Esther Klebe, daughter of Mr. and Mrs. Seibgbert Klebe; and Barbara Levin, Daughter of Mr. and Mrs. Meyer Levin.

Atherton residents included: Sue Barron, daughter of Mr. and Mrs. Gerald Barron; Marlene Rudolph, daughter of Mr. and Mrs. Sol Rudolph; Sarita Steinberg, daughter of Mr. and Mrs. William Steinberg; and Paul Weiden, son of Mrs. Gerda Weiden.

The confirmation class was the largest in the history of Temple Beth Jacob. The temple choir was directed by Eleanor K. Woodman, accompanied by organist Mrs. Walter S. Hertzmann.

$750 Fine Assessed Against MP Driver

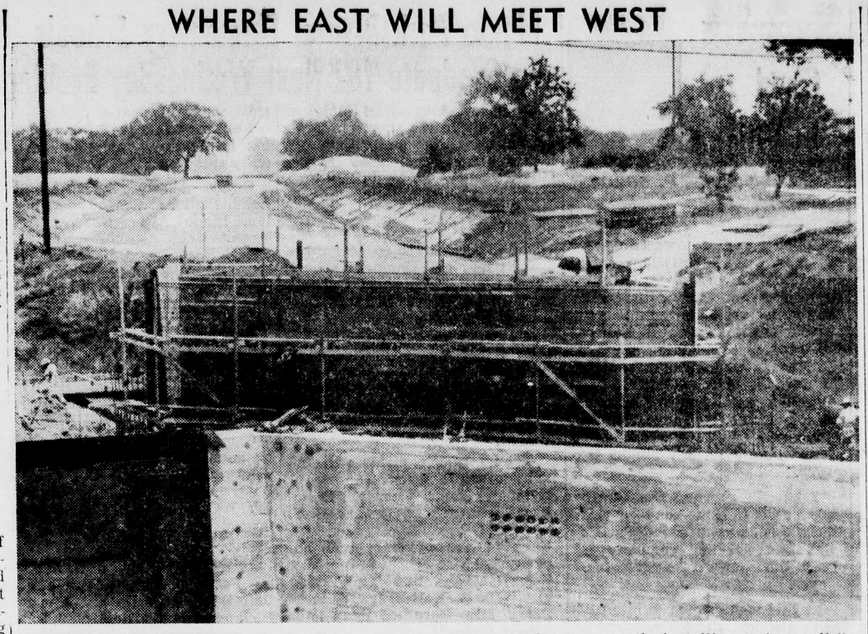

A fine of $750 was last week levied against Ruben H. Ramirez, 28-year-old painter residing at 320 Hamilton avenue, convicted of drunken driving after attempting to flee from the scene of an accident.

Ramirez was convicted as the driver of a car involved in an accident in which Mrs. Caroline Jewell, 58, of East Palo Alto was hurt. The mishap occurred on Feb. 19 in East Palo Alto and Ramirez was chased about a mile by other motorists before being stopped.

In addition to levying the fine, Superior Court Judge Louis B. Dematteis placed Ramirez on two years' probation.

AN INITIAL APPEARANCE was made May 4 by a new daughter, born in Palo Alto hospital to the Robert D'antonis of 277 Santa Margarita avenue, Menlo Park.

WHERE EAST WILL MEET WEST

WORK IS CONTINUING on the bridge which will connect Stanford's portion of Sandhill road with the portion of the thoroughfare in San Mateo county, even though no road exists to carry traffic directly east across El Camino Real. At present, builders have completed main abutments and are currently installing "wing walls" to direct water under the structure. Oscar Holmes is contractor for the bridge; total construction project is expected to cost about $85,000.

Last Thursday:

History of Camp Fremont Is Recounted At Historical Society Meeting Here

Camp Fremont—and what it meant to Menlo Park when the 48,000-odd men of the garrison were stationed here during and after World War I—made up the bulk of the discussion last Thursday night when more than 60 persons gathered to review phases of the city's history at a county Historical society-sponsored meeting.

The gathering, at Central school, attracted mainly old-time residents of the town and although the formal portions of the program were closed by Master of Ceremonies O. H. Olson shortly after 10 p.m., many of those present remained until after 11 p.m. to continue their discussions of the city's lively history.

Some of the phases of Camp Fremont's history, brought to light by L. W. Thompson, Billy Casey, Mrs. Angela Keifer, Joe Kelly and others—and put into the permanent record through the medium of tape recording—have already faded in memory to the point where they are known by but a few.

Among high points of the wartime phase of Menlo Park's development was the time, those present recalled, when the 319th Engineers, which was billeted in the area bounded by El Camino Real, Oak Grove avenue, Valparaiso avenue and Crane street won a soldier's singing and marching competition at Stanford stadium —Madame Schumann-Heinck was the chief judge and presented the regiment with a cup.

The unit was commanded by Colonel C. W. Otwell of Palo Alto. Col. Otwell, responsible for the fact that the 319th was the first U.S. army unit of regiment size to have a band of its own.

Col. Otwell was unable to attend last Thursday's gathering owing to a broken ankle.

WINNERS

The regiment, said Thompson, won the marching and singing competition with its rendition of the "Soldier's Chorus," with the marchers formed in a hollow square around the band. A total of more than 45,000 persons— a big gathering for the Peninsula in those days—watched.

Other phases of Camp Fremont history discussed included:

Rememberances of the regimental dance held at the old Flood estate barn—big enough to accommodate the 3000-odd couples who assembled.

Recollections about how army engineers practiced putting up pontoon bridges, while on bivouac at Searsville Lake.

Retelling of the history of the time, in 1918, when the mischievious remark, "The Crown Prince has been captured" precipitated a rejoinder that "The war is over!" followed by much marching and singing around the camp before order was restored.

Mrs. Keifer, who has been a lifetime resident of the University heights area, told of the Cunday band concerts held beneath the "halfway tree' 'along Santa Cruz avenue somewhere in the vicinity of San Mateo drive; she also told of some of the earlier times in the area, including the placing of the first school, which pre-dated Las Lomitas' old school by about three years.

KEEPS GROWING

Kelly observed that:

"Before World War I, Menlo Park was a sleepy little village. Then we got into the war, and it looks like Menlo Park has never stopped growing since."

He also described in detail the layout and facilities of the old Hopkins estate, which occupied the area bounded by the railroad tracks, Ravenswood avenue, Middlefield road and San Francisquito creek from 1870 until its abandonment after serious damage by the earthquake of 1906.

Camp Fremont, established in 1917, occupied all of what is Menlo Park west of El Camino Real, with the exception of a few blocks in what is now the city's downtown section.

It was selected, according to traditional accounts, because of the climate; many military units, all listed on the plaque at the base of the flagpole in Fremont park at University drive and Santa Cruz avenue, were stationed here.

John S. Wickett, south county vice president of the historical society, presided at the meeting.

Robert Herold Gets NROTC Award

Robert William Herold of 767 Nash avenue, Menlo Park has been selected as a recipient of an NROTC scholarship, it was announced this week from 12th naval district headquarters in San Francisco.

He was one of 41 young men from the district who has been chosen; selection was on the basis of scholastic standards, statements in required references, and interviews.

Two other Menlo Park men were named alternates, under the selection program. Thy were Roger M. Clark of 550 Cresta Vista, Ladera and John R. Brady, 203 Felton drive. Paul V. Lorton, Jr., 120 Toyon road, was chosen an alternate from Atherton.

As We See It:

TIME FOR CAUTION

"School's Out!"

That's the gleeful word around the schoolgrounds these days.

But it's more than a cry of freedom for our children. It's a word of caution to every adult who drives a car.

Youngsters are going to be running, playing, and bicycling all over our area during the summer months ahead. We hope they all will be alive to return to school next fall.

Every driver should sharpen his alertness, polish up his reflexes and DRIVE CAREFULLY.

And summertime means vacation-time, too, and vacation trips for all the family. Wherever you go, whatever you do, enjoy yourself . . . and be careful.

We prefer your name on our subscriber list, not in our obituary column.

° ° ° °

In the interest of safety and in cooperation with the Menlo Park District Association of Insurance Agents, the Recorder here begins a six-week series of articles on types of drivers not to be. Watch out for:

Willie Dreamer

WILLIE DREAMER, whose ineptness behind the wheel of a car makes him as dangerous as a speed maniac, is just a bit mixed up. He's liable to step on the gas when he should slam on the brake. He is a traffic-snarler who makes it impossible for other drivers to act logically. He usually doesn't go too fast, but he usually has traffic around him in a sorry mess.

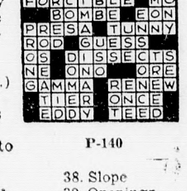

Everything seems to go wrong for Willie most of the time. In fact, he has been mixed up since childhood. And he is totally disorganized. As a result, he spends half his life in a state of dreamy confusion.

He likes adventure stories and always sees himself as the hero. Thus he became a daydreamer, even at the wheel.

He dreams his way through red lights, turns from the wrong lane, and eventually ends up with a harp on Cloud No. 6. Trouble is, he's liable to take you along as accompanist.

Your City's Business:

Prospects Good In Village

By MAYOR CHAS. P. BURGESS

It appears that the Stanford Village transfer is about to be wrapped up after some two years or more of negotiations, with Stanford university to acquire title about July 1. The university then will resell to Stanford Research Institute almost half of the property, including most of the Ravenswood avenue frontage. Stanford Research Institute will then be in a position to commence its long-range building program, which will make it far and away Menlo Park's largest single taxpayer.

I haven't checked the assessment rolls in some time for this data, but I am sure that Pacific Gas and Electric company is still our largest single taxpayer.

On this year's rolls, public utility properties total 5.3 per cent of our assessed valuation. In addition to Pacific Gas and Electric, the principal components of the public utility valuation are Southern Pacific and Pacific Telephone and Telegraph. When I checked five years ago, Railway Express company and Western Union also were included for minor assessments.

It does not appear that any other tracts of Stanford Village land will be available for business development at this time. About seven acres is being held out of the transfer by U. S. Geological Survey for its ultimate building program, which will consolidate its west coast activities in our city. Desirable as this activity is for Menlo Park, it is unfortunately exempt from property taxation.

The remaining land will be used for housing, except for a portion that will be leased by the elementary school district on a temporary basis.

It may be expected that with Stanford Research Institute making Menlo Park its permanent home, the related organizations may desire space, nearby. It is unfortunate that little land will be available, and we will not be able to seize the opportunity of bringing these other taxpayers into our city.

Doubtless there will be organizations seeking to locate administrative offices or research buildings at the end of six or seven years when the remaining parcels of Stanford Village will go on the market. However, it would have contributed to an integrated development if all of Stanford Village were to be available for sale at this time.

The only prospective such pieces are the lands of the Claude T. Lindsay company lying between Sunset and Allstate Insurance, and the ten acres lying along Middlefield road between American Insurance and Ravenswood avenue.

The Lindsay property is zoned central business district commercial. The other parcel of property is currently in litigation, involving the U. S. government and Sequoia high school district.

However, the elementary school district is seeking to acquire half of this property for a school site, while the Geological Survey has reportedly spoken for three acres on the other end, to round its holding out to ten acres. The Lindsay property is best located for continuation of the insurance company trend to Menlo Park, while the Stanford Village property is suited for development of the Stanford Research Institute type.

Walter Has:

CLOSE SHAVE

Walter the weathermouse ran into the office, panting. "Save me!" he shouted as dived under a desk.

We leaned over.

"The cat, again?" we inquired.

"Shhhhh. No," said our correspondent. "I am trying to get away from a friend who has taken to philosophy, and who thinks he has discovered the particular form of Yogi which ensures a lamaistic serenity."

After a while, apparently sure that the philosopher had gone, he crept out and observed:

"You might say I had a close shave with an eclectic raiser."

Scouts Say 'Thanks'

Editor, the Recorder:

Please accept our warm thanks for the support that you gave to the 1955 Scout-O-Rama.

This event was a tremendous success, thanks to the support that you and other newspapers gave it. We're most appreciative and very grateful.

Rebel L. Robertson.

Drive a Success

Editor, the Recorder:

Although a few contributions are still coming in for our 1955 Fund Campaign, I think we can conclude that it is at or near its termination. To date we have raised $58,960.04, including pledges that we are assured of receiving. We have, therefore ,attained 98.8 per cent of our quota of $60,000.00. It would have been desirable to make the 100 per cent but it is highly encouraging to know that we raised 18 per cent more than the $52,011.00 which was raised last year.

This success is attributable to many factors. It is a reflection of the public support of the varied volunteer services of our chapter. It is a reflection of the excellent work performed by our hundreds of volunteers who perform these services and others who devoted their time and energy to the actual fund raising activities.

One other outstanding contribution to this success was the excellent publicity that we received from the newspapers that are published in our area. Your Menlo Park Recorder was highly cooperative in our effort to acquaint the public with the campaign, and we deeply appreciate the help given the chapter by yourself personally, and by the members of your staff.

Finally, I wish to thank you and the members of your firm for their donations to the campaign. Please convey to your employees our appreciation of their good will.

With kindest personal regards, I remain.

H. F. Thompson,
Brig. Gen. U.S.A., Ret'd.,
Chairman Fund Campaign.

Indian Crew Brightens Pre-Summer Haitus

Menlo Park's myriads of sports enthusiasts were taking things easy this week, or perhaps travelling to the beach or dipping in the local swimming pools, while waiting for formal summer sports programs to begin.

"Formal summer sports" includes a number of things these days, from watching softball at Nealon park to crafts classes and story-telling for the smail fry.

High schools and colleges, of course, are closing their spring programs and most-mentioned team still getting its name in the newspapers, from these divisions, is the Stanford Crew.

A remarkable aggregation, the Stanford Crew, though still needing financial help. However, contemporary journals have pretty well covered the story of the ascendancy of this particular national challenger so we can only add one thing:

If you're one of us who likes to encourage sport for the fun of it—gate receipts not important—you can give support by sending financial contributions to the Crew, Stanford, Calif.

The Women

Turn now to the ladies.

Just to show that they're enthusiastic sportswomen, members of the Menlo-Atherton Newcomers golf group have set the first tee rather than the clubhouse at the San Mateo golf course at Coyote point, as their meeting place for 9:15 a.m. Thursdays.

This means they are going to be able to get play started earlier.

Last week, a blind bogey match ended in a tie, with Mrs. Martin Wilder and Mrs. Robert Rockwell taking the honors.

There are still openings for more distaff golfers in the Newcomers' group and persons wishing to join can get more information by calling Mrs. James O'Donoghue, DA 2-3904 or Mrs. John Crawford, DA 3-1015.

Travelers' Note

Menlo Park's ascendant wrestling luminary, Art Michalik, was to team up with Palo Alto's Leo Nomellini last night in a tag match at San Jose. The opponents, naturally, were the villainous (sssssssss!!!!) Sharp brothers.

Interest in the grunt-'n'-groan sport has been getting setbacks in the mid-peninsula of recent weeks: nothing has been heard of plans to reopen at the Fiesta building in San Mateo and Michalik has been travelling to such relatively distant points as San Jose and San Francisco to make his appearances.

This means fans who've been wanting to keep track of the local athlete on at least a part of his circuit have to participate in a goodly share of the road races on Bayshore.

Besides that, such things as Tuesday night's match at Winterland in SF are a little hard to take; Art and Gene Kiniski, sharing a 20-minute portion of the total program, didn't manage to pin each other and the match was declared a draw. —RCF

Babe Ruth Loop Play Starts For Area Nines

Menlo Park's teams in Babe Ruth league play in this area are having mixed fortunes, it was indicated this week, after the four local squads had two games apiece under their belts.

Meanwhile Coach Frank Bettencourt, one of the mentors for the local team, rated two Los Altos nines as among the strongest in the 10-team circuit; play has a long way to go, though, and local teams which haven't shown too well in opening games still have a chance to come up.

Games are played in daylight, and the four Menlo Park teams—Menlo Blues, Menlo Grays, Menlo Motors and Lowe's—consider Burgess park and Flood park as home diamonds. Games are played Wednesdays at 6 p.m. at Flood park and Saturdays at 10 a.m. at Burgess.

In a quick survey of the teams as they now stand, Bettencourt rated the Los Altos White Sox and the Los Altos Red Sox as among those with the greatest potential. Lowe's, which has won both of its starts to date, he also figured had good possibilities.

Similar encomiums were visited on the Palo Alto Sports shop team and the Redwood City Knights.

Mixed fortunes in starting games were attested by the records of the other Menlo Park teams. The Blues won one and lost one of their first two games; the Motors and Grays have lost both of their starts.

Baptist Volleyball Team Wins Third Year

Menlo Park First Baptist church's volleyball team Monday night captured the Peninsula Baptist Athletic league crown, beating Redwood City in a playoff made necessary by a tie for regular season honors. The match was held at Sequoia high school's gym.

Members of the local Baptist volleyball team include Marvin Flowers, Al Sochia, Preston Harold, Allen Meyers, Alan Lindberg, Curtis Lindberg, Lyle Beckstrom, Jim Filardo and Dick Newman.

Menlo Park first Baptist church teams have taken the volleyball championship for three straight years ,the basketball title for two years in a row and are currently defending last year's baseball championship.

Down to Earth:

June Is Busy Time for Vegetable Gardener; Constant Work Brings Rewards, However

June is a busy time in the vegetable garden, as crops sown in May are now up and need weekly attention — watering, cultivation, spraying and thinning.

Besides that, succession sowings of vegetables should be made every two weeks. The last sowings of carrots, beets and spinach get in about the end of June, and the last of corn and beans about July 10.

Head lettuce should not be sown in June because of the heat, but oakleaf lettuce survives the heat and bears all season. Carrots sown in July produce a very late crop that can be left in the ground to provide freshly dug carrots all winter.

"Sow thin and thin quick" is a wise old saying for the vegetable garden, for crowded plants have no chance to grow properly.

When they get tall and spindly it is too late to make them bushy, and crowded plants invite disease and insects. Thinning is best done in the cool of evening and when the soil is moist. Pull slowly and gently, drawing towards the side rather than straight up.

BEST OF ALL

The beets, carrots, lettuce, chard and onions you pull up while thinning are the best eating of all. Where seeds have not come up, simply re-sow more of the same—the birds have probably had a tasty dinner.

I put in a few late tomato plants this month so I will still have a crop to pick in December. If the plants are spindling, they should be set deep in the soil. By deep I mean as much as four to six inches of stem under the soil surface. Cauliflower, cabbage and broccoli seeds can be started in a seed bed or flat and be ready or planting in the garden in a month when the early lettuce, carrots and beans are removed.

If you are to have a full harvest from your vegetable garden, a faithful, semi-monthly spray program is essential. Rotenone is best for vegetables, and should be applied after plants are damp from watering.

The material must cover the undersides of the leaves, for that is where the bugs do most of their feeding. Incidentally, plants that have finished bearing are often bypassed in the spray routine and become ideal breeding places for insects.

DDT, with two exceptions, is not recommended for vegetables. One exception is potatoes, against the flea and potato beetles, and the other is corn, against the European corn borer, the corn ear worm and the Japanese beetle. Spraying of corn with DDT can be started when the corn plants are about 18 inches high, and applied every 10 days thereafter until the corn is almost mature.

It is so important to give vegetables enough water to keep them growing quickly—the secret of over-head sprinkling. The water sweet and tender vegetables. A deep soaking, by irrigation or a soil soaker is much better than will be conserved and weeds discouraged if a mulch of grass clippings, straw, peat moss or some other mulch is used after watering.

While I like to enrich the soil before planting, sometimes some plants (beans, corn and tomatoes especially) like an extra feeding. Commercial fertilizer can be sprinkled down either side of the row, about 4 inches from the stem of the plant. One pound should do about 60 feet of row. This should be done just before the weekly watering.

GARDEN CALENDAR WEEK OF JUNE 9

For those who have very fragrant roses (Etoile de Hollande, Crimson Glory, E. G. Hill and Niege Parfum) here is a recipe for a potourri: on a warm, sunny afternoon pick flowers in full bud. Pull the petals carefully apart and spread out on a raised screen. Keep them in a cool, airy place until chip dry.

Or they can be put in a shallow pan and covered with dry sand and left in the sun (but covered at night) for two weeks. To about a gallon of these petals add some dried lavendar, and the dried leaves of lemon verbena and scented geraniums, if you have them.

Add the following spices: 1 tablespoon each of powdered orris root, allspice, cinnamon, cloves and nutmeg. Keep tightly covered for several weeks and then put in gift jars.

* * *

The groundkeeper of the Giants ball park in New York City claims that most people who plant grass seed "don't put enough water to it. There can hardly be too much.

A light sprinkling is no good. You should soak it with a good soaking".

He uses a mixture of 40 per cent fescue, 40 per cent Kentucky bluegrass (both tough, slender perennial grasses) and 10 per cent Red Top and 10 per cent domestic rye, which perminate in five days for quick cover, then die in about 100 days after the other grasses are well established.

* * *

Gophers and moles are destructive and elusive this time of year, and love to wander through watered lawns and flower beds. The gopher will eat anything from asters to zinnia. He is best controlled with a bomb, provided both ends of his burrow can be sealed to prevent escape of gas. A poisoned carrot, placed deep in his hole, is also good.

* * *

Moles travel through the upper soil, upheaving lawns and plants. They are after grubs and beetles, which can be removed easier than the mole with treatments of DDT or chlordane.

The mole needs a special spring-toothed trap to get him.

Smooth over the runs and place the trap across the newest one. Work the teeth of the trap up and down so they will spring into the prepared holes as soon as the trap is touched.

New Firehouse:

VISITORS INVITED

Everything is ship-shape at the Menlo Park Fire District's new headquarters station at 300 Middlefield road and, Chief George Carter reminds residents, the station is open for visitor during all daytime hours.

All Menlo Park Fire District stations are always open for inspection by the public, he said. Some may have felt hesitant about calling at the new station while firemen were still moving in, he surmised; everything is in place now and persons who've held off visiting should now feel free to call.

Firemen on duty will act as guides.

$4000 Fire Hits Home in NFO

An estimated $4000 damage resulted Thursday afternoon from a fire of undetermined origin which started in a detached garage at a vacant residence at 480 Third avenue, North Fair Oaks.

The garage was totally destroyed and the nearby house was damaged, Menlo Park Fire District officers report. The firemen are this week investigating the possibility that the blaze was started by children.

Firemen were called to the scene of the blaze at 4:47 p.m. after the fire had been discovered by neighbors. The flames had advanced too far to be put out before the garage was consumed; some items of furniture, stored in the latter building, were also destroyed.

The house itself was also damaged, with flames breaking out on the roof and on the side facing the garage.

Firemen said owners of the building had allowed children to use an area behind the garage, and a small "clubhouse" had been built there. There was evidence, said District Chief George Carter, that the youngsters had on previous occasions started small outdoor fires.

8 Get Badges As Tenderfeet At Honor Court

Eight boys received their Tenderfoot Scouting pins at the first Court of Honor held recently by the newly formed Scout Troop 109 at Oak Knoll school in Menlo Park.

Sponsored by the Oak Knoll PTA, the troop was formed only one month ago and since that time has taken an active part in local scouting affairs.

With the experience of only three troop meetings behind them, the unit entered the countywide Scout-O-Rama and won a first place blue ribbon for their display.

New tenderfoot scouts in the troop include Mike Allio, Ned Ashcraft, Grant Beise, Clark Canham, Bill Felts, Jeff Gross, Bill Herbert and Bill Moore.

Scout Beise was elected patrol leader of the Panther patrol with Jeff Gross as assistant patrol leader, and Clark Ganham was elected patrol leader of the Beaver patrol with Bill Herbert serving as assistant patrol leader.

Edwin Moore is chairman of the troop committee with Len Gross as scoutmaster and William Hughes as assistant scoutmaster.

Athertonians Sue Airplane Pilot

Mr. and Mrs. William J. Donohoe of 80 Parker avenue, Atherton, injured in a plane crash near Mono lake on June 1 of last year, have sued the pilot of the plane for $50,000 each.

Defendant named in the case, according to San Mateo county superior court in which the suit was filed, is Charles D. Brovan, 75 Linden avenue.

According to the complaint, the Donohoes were passengers in the plane, which crashed in take-off. They allege that it was overloaded and that Brovan was operating it in a negligent manner.

Donohoe suffered a broken back, loss of seven teeth, and other injuries. His wife suffered a fractured pelvis and a broken nose.

Chairman Named For Woodside Building Drive

Fred Corodetti became general chairman Thursday night of the Our Lady of the Wayside $200,000 building fund program to begin consrtuction of a Catholic parish plant in Woodside, the Rev. Guy B. Hayden, pastor, announced. With kickoff for general solicitation set for July 10, a total of $65,500 already has been realized he stated.

Church, school, parish hall, convent and rectory to be erected on a 10-acre La Canada road site are ultimate objectives of the program, Father Hayden said. First unit will be a temporary church, the second a school, with other buildings to follow as the population grows and necessary funds are made available, he added. Land also will be purchased in the Portola area for further parish expansion.

Named as vice chairmen in the funds program were Charles Birdsell, Kenneth C. Largent, Joseph E. Nichols, T. Vincent Oppenheim, and M. J. Purcell.

Construction will serve 27-square-mile parish area stretching from the Ladera tract on Portola road to the farther boundary of the Rancho Canada on La Canada road, thence upward to Skyline boulevard and south to a point just short of the Alpine road juncture and east to the county line.

Anticipated home construction in the area according to county records amounts to 1,511 homes either under construction now or slated for completion within a year. A total of 3,473 new homes may be anticipated in a five year period, records show. Tracts scheduled for construction embrace about 40 per cent of the total unoccupied acreage in the Woodside-Portola area.

Woman Recovering From Fall Injuries

Helen Von Rychervorsel, 34-year-old resident of 391 Atherton avenue who was injured in a fall Memorial day weekend while hiking in Yosemite national park, was this week reported to be recovering at Lewis Memorial hospital in the park.

Miss Von Rychovorsel apparently broke both legs and one arm and suffered head injuries when she slipped while climbing with a party of six, which was attempting to scale Washington column on the edge of Yosemite valley. The column rises 1500 feet above the valley floor.

Rangers said the woman was "led out" on one of the ropes being used by the ascent party; she apparently fell about 90 feet, he said, before landing on rocks.

The accident occurred Saturday, May 28.

Social Activities Foretell School Closing

A spurt of social activity currently is "in the works" in Menlo Park, as schools of the Menlo Park Elementary District near the close of the current school year.

High on the agenda of activities for parents are the Fremont school PTA "school picnic" set for tomorrow night; a folk dance festival has also been set for Friday at Oak Knoll school.

Graduating eighth graders, however, are looking further into the future: on Wednesday evening they'll have their graduation dance at the Hillview school multi-use room.

Mr. and Mrs. Calvin Byrns are co-chairmen for the picnic event at Fremont school. According to plans, the affair will feature games and dancing as well as eating. Persons attending are advised to bring their own food, coffee cream and sugar, however, will be provided by the PTA.

The folk dance festival at Oak Knoll is the third annual such affair to be held. It will commence at 7 p.m.

Mrs. Shirley Peters, mother in charge of decorations for the graduation dance, has asked that interested parents provide ivy and white flowers, which will make up the bulk of the decorations. Flowers to be used should be delivered at the school before noon, June 15.

Firemen Respond To Minor Call

Menlo Park Fire District firemen were called to the home of police Sergeant and Mrs. Joe Ferriera June 1, when smoke boiling up from a pot of meat inadvertently left over the fire on the kitchen stove, caused alarm.

Mrs. Ferriera, who drives a bus for the Menlo Park Elementary School District, told firemen she apparently left the pot on when she left for work in the morning. She returned home at about 11:30 to discover the house filled with smoke.

A NEW DAUGHTER on April 28 joined the Harry Hesselmeyer family of 98 Magnolia drive, Atherton.

Tropical-type weather, a full moon, Hawaiian torches lighting the patio and gardens all combined to favor the Hawaiian party held Saturday for members of the Menlo-Atherton chapter of the Children's Home Society and their husbands. The **Renick Buckles** home on Ringwood avenue in Atherton was the appropriate setting.

* * * *

The new members, including **Mrs. Philip S. Beach, Mrs. Russell C. Christiansen, Mrs. Claude T. Lindsay, Mrs. M. E. Linxwiler, Mrs. David H. Ross, Mrs. Wilson Taylor** and **Mrs. Ralph A. Tudor,** who have just completed their probationary period, gave the party—or at least did all the work. Everyone present acclaimed the success!

* * * *

Mumus, pake mus, Hola mus, sarongs, Hawaiian sport shirts, beachcomber hats, leis and flowers in the hair all added to the color and transported guests to the paradise islands.

Wilson Taylor surprised his wife by having white carnations and shell ginger leis flown over for the occasion. **Earl Bornfield** arrived in what the well-dressed Hawaiian wears, a mumu and a beachcomber hat. **Mrs. Frank Nye** appeared in a red and white Hawaiian motif swim suit with grass skirt. After the swim she was seen in a beautiful yellow and lavender sarong dress.

* * * *

Besides swimming, cocktails and buffet supper ,other added attractions were a clever song to the tune of "Sweet Leilani" sung by the seven new members, telling the woes of a probationer. This was written by Mrs. Beach. Mrs. Christiansen appeared for two songs and the hostess, Mrs. Buckles, performed a professional hula. Later **Renick Buckles** showed movies of the islands taken on their recent sojourn there.

* * * *

An auction sale of white elephants was carried off very masterfull yand jovially by **Bert Easley** with the high bid for a clock "that at least chimes" was made by **Mrs. Reese Stigler.** Hula lessons by Mrs. Buckles were auctioned and awarded to **Mrs. Max Landphere.**

Proceeds from the auction sale were turned over to the treasurer, **Mrs. James Baker,** to swell the fund toward a contribution to the Children's Home Society, a statewide privately supported adoption agency.

Joan's Wedding:

Joan Harzfeld Changed Her Name To Mrs. John Inglis On Saturday

In the garden of her parents' home in San Mateo, Joan Louise Harzfeld was married on Saturday afternoon to John Inglis, Jr. Rev. Lesley Wilder, Jr. of St. Matthew's Episcopal church in San Mateo performed the wedding service while families of the young couple and close family friends witnessed the ceremony.

Arthur J. Harzfeld gave his only daughter's hand in marriage. For her wedding Joan chose a white waltz-length gown of white embroidered cotton over blush pink. The dress was fashioned with a fitted, pointed bodice, a scalloped, square neckline and very short sleeves. Her short tulle veil was fastened to a headband circlet of lilies of the valley and she carried a bouquet of small white orchids with miniature ivy.

THE ATTENDANTS

Miss Barbara Feinberg of Menlo Park, a childhood friend with whom Joan has made her home for the past two and a half years, served as honor attendant. Patricia Inglis, 10-year old sister of the groom, and Cheryl Hayden of Menlo Park, took the roles of junior bridesmaids.

Cheryl, daughter of Mr. and Mrs. Elmo Hayden, stepped in as bridesmaid when it was learned that little Karen Martin of Yakima, Wash., the bride's cousin, was ill.

All attendants wore ballerina length gowns of white organdy over pink, styled with Peter Pan collars, self buttons down the front and full tucked skirts. Similar nosegay bouquets were carried, Miss Feinberg's being mostly of light blue delphinium, and the little girls carrying arrangements of carnations and pink and blue sweetpeas. The same flowers were repeated in headbands.

J. W. Lawder of Burlingame stood with John as his best man and guests were escorted to their places by Leo Kirby, Albert Kennell and Gordon Campbell, all of Burlingame.

GARDEN RECEPTION

Following the ceremony the guests enjoyed a reception held in the garden and signed the bride's guest book in the charge of Mrs. Russell Sayre (Marcia Inglis), John's sister; Mrs. Byron Leydecker (Mary Kraft), formerly of Menlo Park, and Miss Jennifer Brown of San Francisco, a lifelong friend of the bride.

Mrs. Harzfeld greeted guests wearing a navy blue dress made of ribbon medallions worn with matching accessories and a pink orchid corsage, while Mrs. John Inglis, Sr., mother of the groom, chose a dress of pink crystalette styled with a V-neckline and a cummerbund. Her accessories were matching and her flowers were also pink orchids.

THE NEWLYWEDS

Joan changed to a jersey dressmaker suit of beige and white with which she wore a matching hat, alligator shoes and carried a matching bag.

The couple are now honeymooning somewhere to the "north" and will return to Menlo Park where an apartment at 999 Crane street is waiting.

Joan, a graduate of Burlingame high school and Stanford university, will return to her duties as social editor of the Recorder. John, who also graduated from Burlingame high school and attended the College of San Mateo, is employed with Wells Fargo company in San Francisco where he is a member of the San Francisco Junior Chamber of Commerce. A small crownlet trimmed with seed pearls held her fingertip veil in place and she carried a bouquet of white stephanotis and bouvardia, centered with an orchid.

Jeanne also wore an antique cross and chain which her mother, Mrs. Kernan, had worn at her wedding and which was made of turquois and pearls.

BRIDAL ATTENDANTS

This creative hobby with so many facets of interest, such as the study of trees, wood technology, botany, wood collection, innovation of new designs and color combinations and fabrication, is completely different from wood carving. Whipple's business life has been spent in the field of finance as an active banker, and writer on banking and economic subjects. He has been a bank president, vice president of a large branch banking organization, director of the Federal Reserve Bank of San Francisco and president of the California Bankers' association.

Courts Of Awards, Friendship Rallies Are Among Menlo-Atherton Scout Interests

INTERNATIONAL FRIENDSHIP was the topic of the recent Juliette Low rally held at Scouthaven when a special program was presented. In the photo are left to right (back row) Miss Bridgette Malididier, an exchange student from France and former Girl Guide French Scout) in Paris; Mrs. H. J. Sexton, Menlo-Atherton area Juliette Low board chairman and speaker of the day, and Miss Margot Woodworth, Stanford senior and a former awardee of the Juliette Low World Friendship Fund who told of her experience at "Our Chalet" in Switzerland which has been dedicated to international friendship. In the front row, left to right, are Lynne Langhorne, Troop 438 of Encinal school, who will visit "Our Chalet" this summer when she and her parents visit in Europe; Suzanne Sexton, Troop 358, Oak Knoll school, in an Alsatian French costume; Annette Vucinich, Troop 127, Oak Knoll school, in an authentic Yugoslavian costume; Ann Yaggy, Troop 358, Oak Knoll School, in an authentic Guatemalan costume, and Judy French, Troop 119, Hillview school, wearing a representative collection of proficiency badges.

Girl Scouts of Encinal school held their Court of Awards ceremony recently at Encinal's multi-purpose room, when eighth grade girls from Troops 7 and 33 wrote the script used during the evening. This fulfilled requirements for the first class awards for some of the girls.

The meeting was opened by all the girls marching in in units, followed by a color guard. Judy Gough gave the opening address, followed by a candlelight ceremony conducted by Virginia Gardiner and Mary McGee in which the Brownies of Troops 361 and 290 were invested as Intermediate Girl Scouts. Previous to this evening, the Scouts of Troops 7 and 33 had attended a meeting with the Brownies, teaching them the Girl Scout laws, promise, handshake, salute and history.

An orchestra, composed of girls from all Intermediate Scouts of Encinal school, played "Surprise Symphony" by Hadyn, conducted by Miss Lucie Landon of the Menlo Park school department.

PROFICIENCY BADGES

Barbara Bornfield explained the earning of proficiency badges, then Marylou Parham, Esther Meyers, Karen Peterson and Ann Sarratt gave a skit depicting the four major fields of Scout work.

Troop 331, with their leaders, Mrs. Harry Horrow and Mrs. W. B. Dickman were presented their badges, followed by Troop 165, leaders Mrs. B. DeLano Gauntlett, Mrs. C. D. Means, and Mrs. Fleming; Troop 348, leaders Mrs. Leland Adams, Mrs. Gordon Hull, and Mrs. I. A. Boynton; Troop 115, Mrs. Roy Browning and Mrs. George Treat; Troop 105, Mrs. Robert Matthews and Mrs. Bush; Troop 33, Mrs. Herbert Drescher and Mrs. J. W. Weeder; Troop 7, Mrs. James Aced and Mrs. William Stevenson, neighborhood chairman for Encinal Intermediate Scouts presented a plaque to Troop 14 for selling more cookies than any other troop in this area. She also gave highlights of joint activities during the year and told of collections for the Juliette Low World Friendship Fund.

SCOUT RANKS

Betty Aced explained the three ranks in Girl Scouting and the work necessary to earn each rank. She then presented Miss Barbara Hallman, executive director of the Sequoia Council of Girl Scouts, who awarded second class, first class and curved bar ranks. All of the girls from Troop 100, led by Mrs. Ernest Van Asperen, Mrs. Martin Christiansen, and Mrs. Charles Larson, received their second class awards, as well as all of the girls from Troop 14, led by Mrs. Gordon Gibb, Mrs. H. A. Tidmarsh and Mrs. R. F. Slezak.

This last troop has been organized for less than a year and Judy Glenn, who sold the most cookies for the award, received it for her troop, including Ann Brinton, Sue Cooper, Denice Crowley, Suzanne D'Artenay, Carol Davis, Susan Evans and Gloria Gibb.

Shirley Hutter, Mary Jo Jensen, Susan Larson, Susan Lindfors, Rochelle Malley, Janice Nateyeek, McKing Niu, Susan Slezak and Christy Tidmarsh.

GIRL SCOUT NIGHT

"Girl Scouts Together," a scouting song, will open the program this evening for the third annual Girl Scout night which will begin at 7:30 p.m. at the Hillview school multi-purpose room.

Fifth grade troops 162 and 230 will present the colors and lead the audience in the pledge of allegiance and the song "America." A welcome to parents and friends will be given by Barbara Bong.

Second grade Brownie troop 437 will present a skit, "How Dance Came to the Indians," and troop 193 will give the Brownie Promise and sing "The Brownie Song." Next on the program the Fourth grade Brownie troops 238 and 291 will join in the "Fly-up" ceremonies and will be welcomed into intermediate scouting by Troops 239 and 162.

Following this, troop 358 will sing "The Crocodile Song" and "Make New Friends," and troop 137 will do a folk dance, "The Duke of York."

Fifth grade troops 230 and 162, sixth grade troop 43 and seventh grade troop 19 will hold their court of awards and receive earned badges for their year's work.

Mrs. H. J. Sexton, Menlo-Atherton area Juliette Low chairman, will receive contributions to the World Friendship Fund and the program will close with the song, "Our Chalet"and "Taps" by troop 150 and all Scouts and Brownies.

Janet Eldridge of troop 43 will announce the program and the singing will be lead by Sally Jean Ennis of troop 19.

AT ALUMNI GATHERING

"Second generation" students accompanying their parents to an alumni picnic at College of San Mateo last weekend were Carla Jones, daughter of Mr. and Mrs. Herbert Jones of Menlo Park and Jackie Head, daughter of Mr. and Mrs. Gordon Head of Atherton. The affair was held at the college's Coyote Point campus.

Walter Traub Of MP Takes Miss Shockley As His Bride

A new home in Monte Vista is awaiting the newlywed Mr. and Mrs. Walter G. Traub, Jr., who were married Saturday afternoon at St. Thomas Aquinas Catholic church in Palo Alto. The bride is the former Edwina A. Shockley of Palo Alto and Walter is the son of Mr. and Mrs. Walter Traub, Sr., of 1765 Poppy avenue in Menlo Park.

The Rev. Father William Mullen presided at the double ring ceremony when E. B. Shockley of Azusa escorted her daughter to the altar.

THE BRIDE

For her wedding, Edwina chose a gown which complimented her dark auburn hair. It was of white lace over a champagne-colored underslip of taffeta and tulle made with a round neckline and cap sleeves on a fitted bodice over a full ballerina length skirt, scalloped around the bottom. A tiny cap of the same materials and trimmed with seed pearls held her finger-tip length veil and she carried a bouquet of white roses stephanotis, and lilies of the valley with a few pink roses included for accent.

Mrs. Wilbur A. Therien, who was Edwina's roommate at San Jose state college and who introduced the couple, was the bride's only attendant. She wore a gown of light aqua embroidered organdy with a half-hat of matching material and carried an old fashioned bouquet of pink and white carnations.

Wilbur Therien served as Walter's best man and guests were seated by Edgar B. Shockley, Jr., the bride's brother, and Phillip Harris of Monte Vista, the groom's brother-in-law.

THE RECEPTION

Following the wedding, about 50 relatives and close friends gathered at the alo Alto Women's club for the reception. Mrs. Shockley greeted guests wearing a dusty pink dress of tissue taffeta with beige accessories and Mrs. Traub, Sr., wore a turquoise blue lace dress with pink and white accessories. Both mothers wore corsages of tuberous begonias.

Edwina changed to a two-piece chantung dress in a toast color and donned a corsage of brown cymbidium orchids before leaving with Walter on their honeymoon. After a few days in Carmel they planned to go on to Santa Barbara and Sequoia National forest.

The bride who is the granddaughter of Mrs. Anna Shockley of Los Angeles, attended the University of Oregon and graduated with an art major from San Jose State college. She will continue with her position as assistant director of the Palo Alto Junior Museum when she returns to the peninsula.

THE GROOM

Walter has one sister, Mrs. Phillip Harris of Monte Victa who is the mother of little Dennis Harris who, at 2 years, was too young to see his uncle married. A graduate of San Jose State, Walter served with the army in France and is now working with American President Lines in San Francisco.

Mrs. Margaret Bermejo, executive director of Sequoia chapter of the American Red Cross, and Mrs. Hiram Broiles, the Chapter's publicity chairman, entrained today for the annual Red Cross convention to be held in Atlantic City, June 13, 14 and 15.

The convention will concern itself this year with impacts of community changes on Red Cross responsibilities, Mrs. Bermejo said.

"The character of our communities is undergoing vital changes and their needs are also changing. Delegates to the convention will hear discussions on this subject and learn how the Chapters are attempting to meet these needs realistically, practically and acceptably," she said.

Mexico--Land Of Contrasts--Invites Many Tourists

By BEA BOYNTON

(Editor's note: This is the second of a series of articles by Miss Boynton, giving valuable information to the prospective traveler in Mexico.)

Mexico is a gold mine of variable interest. One will find beautiful shell strewn beaches, snow covered mountains, extinct as well as active volcanoes; modern cities as we consider them as well as villages which have not altered since the time Cortez came on his quest for gold.

There are quiet resorts for the dreamer, deep sea fishing and big game hunting for the sportsman. This is the land of colorful fiestas and pagan dances as well as glittering, modern nightclubs. So much enjoyment for so little money, for the difference in exchange makes one feel as though they had a pocketbook touched by King Midas.

MAKE PLANS

You do not need a passport, but a **Tourist Card** is a must. The Mexican Consul in San Francisco will provide this, for which he will need your birth certificate or naturalization papers. There is a slight fee.

Don't lose your tourist card as did my son. We spent days, plus the services of an attorney before the matter was straightened out. You cannot leave Mexico without it; hang on to it.

If time permits, I urge you to drive to Mexico. The roads are magnificent, the scenery incredible, the courtesy legendary. Traveling by car does away with baggage limitations which is one big advantage, and carrying back the loot you will buy to bring home is another. Souvenirs always seem to be of strange, bulky shapes impossible to pack and mail safely.

If you do take your car, here is some information to remember. The amount of clothing you take is immaterial. Be sure, however, your wardrobe consists of clothing for both warm and cold weather. Comfortable sight-seeing shoes are a must and evening clothes are unimportant.

CAMERAS, FILM

You may take one movie and one still camera plus a dozen films. Standard make films are everywhere in Mexico

Radios are not permitted. Your typewriter will have a duty charged on it. Register all valuable jewelry, European makes of clothing, cameras, watches and furs with the custom inspectors at the border before entering Mexico. This will eliminate paying duty on your return. Don't forget.

CAR ROUTINE

At the border you obtain your entry card for your car. Be sure you have your certificate of ownership for this, or a notarized statement from the owner permitting you to take his car out of the country. Check your car insurance to see if it is valid outside the U. S. If not, then do obtain Mexican automobile insurance on the U. S. side of the border.

This may sound complicated but it isn't at all. It is routine. The officials speak English and are more than anxious to make your border crossing one of pleasure.

Carol Becker Will Marry Luther Frazier

On Saturday afternoon, bride-to-be Carol Ann Becker was honored with a swimming party in San Jose when school friends from State college took advantage of the occasion to gift her with kitchen items.

Carol, who is the daughter of Mr. and Mrs. King A. Becker of Inglewood, is attending San Jose State, and making her headquarters here with her sister, Mrs. Robert Arkley. She will be married June 19 at Menlo Park Presbyterian church to Luther Frazier of New Albany, Miss.

At San Jose, Carol is affiliated with Alpha Phi sorority. Her fiance is in the army, stationed in Los Angeles. He attended the University of Mississippi and plans to continue his studies in September at UCLA.

Saturday's party was co-hostessed by Joan Hunter and Carolyn Goodhue who will be bridesmaids. Just recently, Carol was honored with a lingerie shower given by her maid of honor, Susan Johnston of Los Altos, and on Saturday, her sister, Mrs. Arkley will be the hostess at a luncheon for some 21 friends at Rickey's.

SUNDAY SCHOOL PICNIC

Sunday school picnic of the Menlo Park First Baptist church is to be held Saturday at Flood park it was announced by church officers this week. The affair is to convene at 12 noon.

IMPERIAL SHRINE TOUR

JOINING the group of Shriners taking the Imperial Potentate's Pilgrimage to Hawaii recently were Mr. and Mrs. Henry V. Cowan pictured here aboard the Lurline luxury liner. This was their first trip for the Cowans who live at 174 Fair Oaks lane in Atherton, and they were away for three weeks. The group was met at Hilo and Honolulu by representatives of Aloha Temple.

Parisian Notes Sent By Local Traveler

From Paris, France, where she has been visiting the fashion showrooms and boites, Mrs. Arletta Edholm, manager of a local shop, has sent us notes on the beautiful fashions she noted at the premier opening of Cinerama in Paris.

The premiere was timed to coincide with the closing of the famed Follies Bergere and, Mrs. Edholm writes, "was a full dress affair and celebrities turned out en masse to view it."

As Mrs. Edholm tells it:

A doorman in full uniform received the guests, after which Parisienne models greeted them from a receiving line as they distributed fresh flower corsages and programs. Next came a double line of gendarmes at attention, between which filed the brilliant stream of fashionable guests.

The predominating style was the very full, low bodice gown. There were a few outstanding theater suits with sheath skirts to the ankle. Some of these might better be described as "hobbleskirts," they were so long and slim—black being the color in almost every instance. The full skirts were usually worn to the ankle, although there was a sprinkling of ballerina length gowns, often these being in printed pastel faille.

TWO BEAUTIES

The piece de resistance in fashions of the evening seemed to be equally shared by a Kelly green, full-length dress, worn under a white ermine stole, and a full-length American beauty satin evening coat worn over white.

Crowds of watchers lined the sidewalks to view the arrival of the chauffeured cars and the Parisienne elite. The moment the damoselle in the Kelly green and ermine descended from her car, a murmur rose in the crowd which swelled and grew almost to cheers.

The red satin coat drew equal attention and excitement mounted as car after car paused for the "grand exit" and flashbulbs clicked.

Mrs. Edholm noted that there were many ankle type slippers with straps arranged in various ways, also the mule type slipper with no heel strap and extremely high heel—some with elongated toes.

The furs were fabulous, ermine and mink stoles predominating. The faille coats were second only to the furs, according to Mrs. Edholm, the colors being black or white with extremely full skirts and wide cuffed sleeves. One three quarter length coat was of pastel printed faille with a low draped Chanel back.

Gentlemen in dark tuxedos were the perfect compliment to their fashionable ladies, wrote Mrs. Edholm. The red-coated gendarmes, swords at side, completing the picture, as dramatic and beautifully staged as a Hollywood production, she said.

Driver Volunteers Are Needed Now

Sequoia chapter of the American Red Cross is urgently in need of volunteers for its Motor Service, it was announced today by Mrs. Walter Westman, Motor Service chairman for the Chapter.

Increasing committments that mark the advent of the summer recreational season, make demands on the Motor Service especially heavy, Mrs. Westman said. If you like to drive a car, have a current California driver's license and are between the ages of 18 and 55, with time on your hands, you can do a real service to your community this summer, and all year 'round.

The Red Cross Motor Service provides transportation for veterans to ball games and picnics, shows and clinics, and performs many other necessary errands for other chapter services within the Bay area.

Motor Service volunteers have found the work so interesting, and withal, so rewarding, that many of them remain as drivers for the Red Cross from one year to another.

"I would recommend it to anybody," said Mrs. Miles Weeks of Menlo Park when she retired this Spring after 10 consecutive years in the Motor Service.

Volunteers in all the Red Cross services are always needed and interested persons are urged to enroll at the Chapter where they can perform many vital jobs.

Extra! Extra! Truce declared in Spanish-French war!

With swimming before the Spanish III students, and a potluck supper later for them and the French III class, the hatchet was buried in a long standing feud!

At senorita **Marilyn Gammel's** home, you might have found these estudiantes having a "Dousing good time"—**Ann DeLu, Jim Williams, Carol Tuft, Sylvia Staub, Mary Ann Gunder, Dick Renshaw, Pat Mundell, Arthur Apparicio, Henry Arnold, Rhoda Maxfield** and **Barbara Beise,** and profesores el **Senor Bill Lavin** y esposa and la **Senorita Henry.**

Then, at **Carol Tuft's** house, a huge potluck dinner, with Spain bringin' the ood drew ces jeunes filles et ces garoons—**Page Godbe, Jeanne Peasley, Sheila Gray, Lenny Coplestone, Ken McKenna, Dick Meredith, Georgia Huston, Carol Ullman, Dave Roos, Jackie Thompson** and **Al White,** plus those mentioned above. A looong volleyball game (which no one knew the winner of(ended the festivities. (This truce is expected to last only until mid-September, if the new classes have anything to say about it!)

Awards were handed out both Friday and Saturday at M-A, and after each, somebody had a party!

After the awards assembly, **Dick Walker** held an open house, with plenty of ping pong, swimming, dancing, hot dogs, marshmallows and punch to satisfy the 70 people there.

Rhoda Maxfield was hostess after the Players' Club banquet to ten people. Talking, dancing and guzzling soft drinks were **Cliff Di Franco, Fred Stark, Bill Boorman, Garth Stevick, Marshal Caley, Dick Meredith, Hubert Pate, Carol Blake, Jo Booth** and **Sue Arnold.**

* * *

We missed a party a couple of weeks ago (heavens! what have we said!) so we'll just combine it with another that had almost the same guests. The hosts in the first case were **Tom Fletcher** and **Dick Holt,** who gave a swimming, dinner and dancing party, and invited **Al Luchini, Linda Crawford, Ted Olson, Lindsey King, Kent Flanders, Gail Morrison, Phyllis Gates, Colin Clark** and **Dottie Groves.**

Now add **Holly Millar, John Christianson, Cathy Davis, Karen Hillman Ned Hales** and **Dave Morley,** and you have almost the same kids at a party co-hostessed by **Gail Morrison** and **Dottie Groves!** These guys and gals, too, gathered for swimming, dancing and eating, and all agreed it was great!

* * *

Remember those initials in the paper last week? Well, we'll fill in the names now, exactly as stands— It was a swimming party given by **Stew Morton,** and the guests included **Donna Newport, Gordon Plaisted, Dennis Brown, Pat Reynolds, Yvonne Layne, Judy Patterson, Dave Newhouse, Andy Schwarz, John Adams, Sally Seaver, Carl Jensen, Barbara Beise, Alice Taylor** and **Jim Bishop.**

Another swimming party (and no initials this time, either) was one given by **Roger Clark.** Present and accounted for were **Bea Bowen, Cathy Peterson, Margy Hutter, Barbara Nearon, Billie Curry, Jean McIntyre, Peg McDowell, Walt Schreck, Charlie Allard, Dick Mazik, Phil Austin, Eliot Steinberg, Pete Welch, John Olson, Bob Adams, Nick Juvet, Carl Rountree, Ginny Levensaler, Gordy Matthews, Lee Finegold, Bryan Farrsworth, Troy Ratliff, Nancy Silberberger, Sue Severin** and **Dave Moose.**

We don't know whether "Aloha" means surprise in Hawaiian, but it would have been the appropriate yell at the surprise party given by **Suzanne Baughn** and Mrs. Layne for **Yvonne Layne!**

The decorations followed an Island theme, as well as the kids' clothes. Punch and sandwiches and cake made up the refreshments. Guests included **Bunny Blake, Chuck Livingston, Carolyn Gerbo, Bob Davidson, Gerrie Keely, Ken McKenna, Donna Newport, Mike Tielmans, Marilyn Harried, Gil MacDowell, Carol Stickney, Jerry Terhune, Sally Flanagan, Chuck Holland, Barbara Schenke, Mike Herb, Joanne Felkner, Allan Sundquist, Bob Carroll, Andy Schwarz, Diane Sullivan** and **Don Martin.**

* * *

Anyone going to a come-as-you-are party is likely to turn up in the strangest outfit, or see others in esually weird ones! For instance, at **Sue Hall's** blast, **Bud Corson,** one of the guests of honor, turned up in gym clothes, and **Laddie Gock,** the other main guest had shorts on!

However, these just added to the merriment of the party, which was in honor of their first anniversary of going steady. Loads of food, ping pong, dancing and TV entertained **Roger Whitmire, Sheri Adams, Bev Crofts, Beth Rosener, Judy Klink, Ben Blair, Owen Hawkins, Pete Vandervoort** and **Terry Holland for the whole** evening.

Informal dress, informal dinner and informal games might describe **Margaret Roehr's** informal party. Maybe, to be really truthful, we should have said, her informal birthday party, where the guests played ping pong, danced and presented Margaret with a bathing suit!

Merry makers included **Jim Mack, Marleen Balough, Bruce Carter, Dunc Fergeson, Phyllis Irby, Mary Healy, Bob McAllister, Carol Tuft, Tom Austin, Ann DeLu, Jim Williams, Mary Ann Gunder, Dayton Crummy, Cindy Klink Doug Delaney, Sylvia Staub, Bob Mathis, Jerry Ellis, Evelyn Hodges, Corrine Hirsch** and **Bob Herold.**

* * *

Ah, ah, ah, ah! Don't touch that dial! Those really are M-A kids on TV! They were featured on Dottie Hansen's Hi Time, where they appeared with Dave Brubeck to plug the graduation party. (that is, Dave Brubeck didn't plug it—he was just there!). On the screen you might have seen **Pete Welch, Billie Curry, John Olson, Cindy Klink, Wally Baker** and **Bea Bea Bowen.** Just going along for the ride were **Judy Klink, Doug Delaney, Dave Sexton, Barrie Blair, Tom Slack, Margaret Goodlive, Rod Minkler** and **Mrs. Curry** and **Mrs. Klink,** entertainment chairmen for the party.

Thought for the day—Cannibal rushes up to two other cannibals scouring out pans, says "Anything left from dinner?" Other cannibal says, "Nope, everybody's eaten!"

This final meeting of the year will be co-hostessed by Mrs. Garret Jacobus of Menlo Park, Mrs. Walter K. Balch of Los Altos and Mrs. Daniel Haley of Palo Alto.
